Dear Faithful,

Please note our Vision Statement:

*“Residential Recovery through Biblical Christ-Centered Discipleship”*

I am so excited to welcome you to what I believe will be a life changing experience for both you and your disciple. My hope in creating this role for our client is to develop a relationship that will help them mature in their faith while you walk along side of them throughout this journey. I realize the many questions you may have and hope that this Discipleship packet will help answer all of them. You will find that the information within this packet is designed to assist you in understanding how you can best serve your disciple. I am confident that this is one way you can carry out your obligation as a follower of Christ and help the CHURCH fulfill the call of the Great Commission.

I am praying for you and your disciple and look forward to the fruit of this ministry. We are blessed by your interest and thank you for participating in the Open Door Re-entry & Recovery Ministry

May God pour blessings on you,

Pastor Charles Silano
